DRAFT  
ELA/whx  
1 June 1956

**MEMORANDUM FOR:** Deputy Director/Intelligence

**ATTENTION:** Assistant to the DD/I (Planning)

**SUBJECT:** Proposed Arrangements for ORR Utilization of  
HETAUTOMAT Materials

**REFERENCE:** The TALENT Control System Manual, 1956

1. The Assistant Director, Research and Reports, proposes to establish a TALENT Control Area within the Special Center space in "M" Building allocated to this Office. This Area will be established in conformance with the subject control system manual.

2. A TALENT Control Officer will be appointed who will be responsible to the AD/RR for the establishment and implementation of a proper TALENT control system within this Office. He will insure that TALENT control standards are maintained at all times with respect to HETAUTOMAT materials. The TALENT Control Officer will represent the AD/RR on the CIA Utilization Board, as well as on any CIA priority requirements board which may be established for the coordination and general planning of the work of the HETAUTOMAT Center. He will also present ORR requirements for detailed research and analysis to the Center. It is understood that personnel to be cleared under the TALENT control system will be designated by the AD/RR and their MUST KNOW need certified through the TALENT Control Officer. Security clearance into HETAUTOMAT material will be a responsibility of the HETAUTOMAT Security Office.

3. A TALENT Security Officer will be appointed who will be responsible to the TALENT Control Officer and to the AD/RR for insuring that the ORR TALENT Control Area complies with the requirements of the subject manual with respect to all basic standards required under the TALENT Control System. This Security Officer will also be responsible for the establishment of secure procedures for the transmission of materials outside the ORR

**SUBJECT: Proposed Arrangements for ORR Utilization of HIAUTOMAT Materials**

TALENT Control Area to other components of CIA and to other agencies. However, the individual analysts who have access to HIAUTOMAT material will be responsible for certifying the classification of non-HIAUTOMAT publications in the same manner as provided for with respect to other materials in ORR Regulation \_\_\_\_\_. Prior to making such certification, the analyst will review with the ORR TALENT Security Officer the specific instances where HIAUTOMAT materials have been used together with the method of sanitization and obtain the Security Officer's approval.

4. The initial list of ORR functions requiring access to HIAUTOMAT material on a MUST KNOW basis is given in TAB "A".
